A SMOOTH DRIVE EQUIPPED FOR AN EASY LIFE

The new PROACE VERSO continues our history of versatile people carriers, by offering spacious travel and practical solutions for the most active lifestyles.

SIT BACK AND RELAX

The PROACE VERSO's comfortable, high-quality cabin and technology make the longest journeys pass by with ease.

Whether it's keeping your business moving or your family entertained, the PROACE VERSO makes every journey supremely comfortable. Enjoy a driving experience that soothes with supportive seats, a supple ride and hushed noise levels. With keen attention to detail, the PROACE VERSO treats you to a superior driving position, thoughtful ergonomics and a high level of standard specification.

If it's the finer things in life you covet, the VIP grade has it all: luxurious massaging leather front seats, second-row captain seats, rail-mounted seats and rear passenger lounge table, privacy glass, large colour touchscreen, premium Head Up Display and upgraded central combination meters. Quality that's a match for any VIP guest or red carpet occasion.

For Shuttle and Family grades the Rear View Camera display is conveniently located in the rear-view mirror for safe and easy low-speed manoeuvres.

VIP grade features a high-resolution Pro-Touch multimedia system* with navigation[§] complete with Connected Services for 10 years. Features include: real-time traffic, TomTom places, weather, parking, fuel prices and danger zone (speed camera) alerts, as well as the convenience of Bluetooth[®] calls, multimedia and a rear-view camera display.

* Optional on Shuttle and Family grades.

[§] Optional on VIP grade.

COMFORT

PRACTICAL

SPACE THAT ADAPTS TO YOU

Accommodating, versatile and comfortable: the new PROACE VERSO has practical solutions for the most active of lives.

Life's made easy whatever the situation in PROACE VERSO thanks to smart solutions that provide impressive versatility for larger loads and maximum practicality for your passengers. Folding seats (which come with the option for upright folding) and rail seats* (that can be repositioned or removed completely) allow you to configure the load area exactly how you need it, while convenient fold-up tables* let passengers settle back to work, rest or play.

* Not available on Shuttle grade.
 † Available on VIP grade.

Enjoy flexible luggage space or increased legroom with sliding and removable rail seats, available on Family and VIP grades.

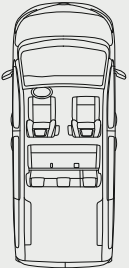

Your passengers can relax, entertain or work in comfortable surroundings thanks to a rail-mounted rear passenger lounge table†.

For when you need to carry even more luggage than normal, the upright folding seats – standard on Shuttle grade – can be tipped so you can utilise every inch of available loading space.

Thoughtful features and innovative technology combine to make life easier and your drives comfortable and safe.

The PROACE VERSO is guaranteed to impress with a suite of advanced features. A panoramic glass roof and Head Up Display let you enjoy more relaxing and safer journeys, while an opening tailgate rear window and motorised sliding doors provide thoughtful features that you'll wonder how you lived without. Together with a high standard specification, you'll be able to appreciate a new level of refinement on your journeys.

Enjoy a real helping hand when you need it most by upgrading to a handsfree motorised sliding door which operates by simply waving your foot underneath the rear bumper for impressive convenience.

CONVENIENCE YOU'LL REALLY APPRECIATE

The Toyota Skyview® adds an even more premium feel to the interior. This large panoramic glass roof brightens the cabin with warm, natural light.

An advanced Head Up Display projects a range of information – from current speed to navigation instructions and driver alerts – on to a display in front of the windscreen in the driver's line of sight.

An opening tailgate rear window – a standard feature on Family and VIP grades – offers quick and easy access to the luggage compartment without needing to open the tailgate.

PROACE VERSO's motorised sliding doors are activated by a simple pull on the exterior or interior door handles. This function can also be activated via buttons on your key-fob, dashboard and B-pillar – entering or exiting the rear seats has never been so easy.

FUEL-SAVING POWER

Advanced diesel engines and smooth transmissions combine cost-saving fuel efficiency with great driveability.

With a complete line-up of advanced diesel engines and smooth transmissions, the PROACE VERSO gives you power to match its load-lugging ability and fuel efficiency that you'll appreciate at the pumps. With two responsive diesel engines to choose from – 1.6 and 2.0 litre; four power outputs – 95 DIN hp to 180 DIN hp; and four transmissions – 5- and 6-speed manual, 6-speed MMT and 6-speed automatic, there's a powertrain to cope with every demand. By incorporating start and stop technology across the range*, the PROACE VERSO offers impressive fuel economy and CO₂ emissions from 133 g/km[‡].

* Except 1.6 litre, 5-speed manual.

‡ Combined cycle.

The PROACE VERSO's Toyota Traction Select (TTS) system offers superior traction and non-skid performance on all road surfaces, such as snow, ice, mud and sand to keep you safe and in control whatever the conditions.

Lane Departure Alert will warn the driver if the vehicle starts to deviate from its lane.

Manoeuvre more safely during lane changes with Blind Spot Monitor system.

Automatic High Beam is designed to optimise visibility during night driving. It switches automatically between high and low beam for safer night-time driving.

Find out more on Toyota Safety Sense.

Pre-Collision System* with Pedestrian Detection uses millimetre-wave radar and a camera to detect vehicles or pedestrians and help avoid collisions.

SAFETY COMES FIRST

The PROACE VERSO was awarded a 5-star rating from the safety testing organisation Euro NCAP.

A range of advanced safety features helps to keep you and your passengers out of harm's way.

When business or family life takes you on the road every day, you want to know that you're travelling in safe hands. With Toyota Safety Sense in the new PROACE VERSO, you're doing just that. Available in two optional Toyota Safety Sense packages, the wide range of innovative safety systems help to keep you safe.

Toyota Safety Sense Package 1

- Lane Departure Alert
- Road Sign Assist
- Automatic High Beam
- Driver Attention Alert

Toyota Safety Sense Package 2

- Adaptive Cruise Control
- Adjustable Speed Limiter (ASL)
- Pre-Collision System* with Pedestrian Detection
- Cornering lights

Completing the line-up of safety systems is Blind Spot Detection; parking sensors and rear-view monitor are also available for easier and safer parking. Combining all these features with a 5-star EuroNCAP safety rating makes the PROACE VERSO a safe place to spend a busy working day.

* Technical name: Pre-Crash Safety System.

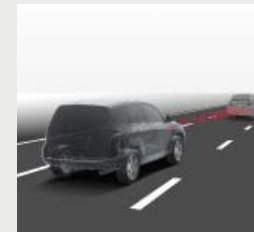

Supplemental Restraint System (SRS) airbags

This model is fitted with six airbags. They include SRS airbags for both driver and passenger, side airbags and curtain shield airbags covering both the front and rear seat passengers.

Driver Attention Alert

The Driver Attention Alert triggers a visual and audible warning when it detects the vehicle hasn't stopped for two hours at speeds above 65 km/h. For further reassurance, the Fatigue Detection System watches for variations in the vehicle's road positioning and escalates further warnings to the driver to 'Take a break!'

Adaptive Cruise Control

Toyota Safety Sense's Adaptive Cruise Control keeps a minimum preset distance from the vehicle in front. If this distance falls, the system reduces the speed. If the distance increases again, it will gradually accelerate until the vehicle returns to your chosen cruising speed.

PROACE VERSO SHUTTLE

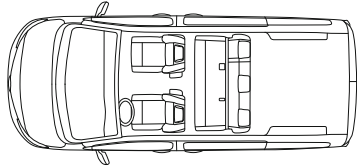

Main features

- 16" steel wheels with wheel caps (5-triple-spoke)
- Body-coloured front bumper
- Body-coloured door mirrors

COMPLETE PEACE OF MIND WITH TOYOTA

Toyota Quality Service

Your Toyota retailer will advise you on your car's service requirements. It will need a Health & Safety check at least once every 2 years/30,000 km or at least every 2 years/40,000 km (according to the service indicator) depending on the engine.

Toyota Low Maintenance Costs

All Toyota vehicles are designed and engineered to minimise your maintenance costs. This includes fewer parts that require servicing and, equally important, is that Toyota vehicle technology is made easily accessible so that maintenance labour time is less and pricing is competitive.

Original Parts

Only original components are used on your vehicle. If the vehicle is damaged, its design helps minimise the cost of repair because the most expensive-to-replace parts are deliberately located away from common damage zones. The result is ultimately less expense for parts and labour.

Toyota Accessories

Toyota genuine accessories are designed and manufactured with the same care, quality and attention to detail as Toyota vehicles. Adding a touch of style, comfort, convenience or practicality, they are tested for exceptional durability to enhance the enjoyment of your new car. All accessories are covered by a 3-year/100,000 km warranty when purchased together with the vehicle*.

Toyota Comprehensive Warranty

Every new Toyota comes with a 3-year/100,000 km vehicle warranty, which covers any defect caused by a manufacturing fault. Transport to the nearest authorised Toyota repairer will also be covered. In addition, a 3-year/unlimited mileage paint warranty protects against defects and surface rust caused by a manufacturing fault. Every new Toyota is covered by a 6-year/unlimited mileage anti-perforation warranty* against perforation of body panels caused by a manufacturing fault in materials or workmanship.

Toyota Eurocare

Enjoy peace of mind driving with complimentary Toyota Eurocare roadside assistance in 40 European countries for 3 years[§]. If you experience a problem with your vehicle, Toyota Eurocare offers several possibilities to keep you on the road.

* Check with your retailer for specific warranty details.

[§] Belgium 5 years/Portugal and Denmark 1 year.

Toyota Added Security

Toyota's comprehensive security system withstands the insurance industry's rigorous five-minute attack test. The alarm system and engine immobiliser are approved by all of Europe's major insurance companies.

TOYOTA SERVICE

Trained technicians, proven expertise and unrivalled customer care: welcome to Toyota Service.

With Toyota Service you can relax knowing that we know your car better than anyone else. After all, we designed it, produced it and use only trained technicians and consultants to take care of you and your Toyota.

- Toyota technicians are trained to the highest standards
- Only original parts are used
- Highest levels of service and customer care
- Continued value for money
- The convenience of Online Service Booking

Toyota Business Plus

Welcome to Toyota BusinessPlus – your business partner committed to your success and dedicated to exceeding expectations.

Our rich heritage and experience of producing commercial vehicles means the new PROACE VERSO will be a cost-effective addition your business. To ensure you find the perfect vehicle, the trained consultants in our Authorised Retailers will guide you the range of configurations, accessories and conversion solutions so you can find the perfect PROACE VERSO for your needs.

The cost-saving benefits of PROACE VERSO include:

- Favourable residual values
- Best-in-class CO₂ emissions
- Leading fuel efficiency

The Toyota BusinessPlus Promise:

- Wide-ranging solutions for every business need
- A quality experience at every stage
- A global reputation for quality and reliability
- Tailored advice and one-on-one support
- A partnership that's built on the long-term
- A commitment to technological and environmental innovations

ALWAYS A
BETTER WAY
